Military, Marine & Industrial Products and Services

At Jo-Kell we know that your electrical system is your lifeline, that is why we are proud to offer **Ferraz Shawmut** Fuses. Traditional fuses were designed to protect your electrical system from fires, explosions and from causing potential harm to people. **Ferraz Shawmut's** Amp-Trap 2000 current-limiting fuses do more than that. They Provide the type "2" (No Damage) protection that prevents high-energy arcs from destroying your production, HVAC, lighting and communications equipment.

Call Jo-Kell today for more information about Ferraz Shawmut's Amp Trap 2000 and how it can help to save your electrical system.
